Special Town Meeting

ORR SCHOOL BUDGET INCREASE FINALLY SETTLED

by VIRGINIA ARRAL

Following the cautious recommendations of the Board of Selectmen, 488 voters last Thursday overwhelmingly gave the Old Rochester Regional District Committee its requested 11 percent increase in its fiscal 1988 budget. For a total budget now of $4,434, 976, Mattapoisett's total share is $1,459,968.

A recommendation was made by temporary Finance Committee Chairman Richard A. Gamache as to how the funds would be allocated for the $94,591. increase. It was announced that the town has received $470,126 in free cash, much greater than the anticipated $200,000, and, in addition, $72,000. in new growth money derived from higher total property valuation will be available.

The recommended vote approved raising the additional funds by appropriating $65,593 from new tax money and transferring $28,997 from free cash. Town Moderator R. William Blasdale informed voters the town now can handle this request from available funds and not require a special election to override Proposition 2½. No secret ballot was requested.

Rochester, whose voters twice rejected the school committee's request at the polls, now is required by state law to foot its share of the budget. Marion has approved its share.

At the opening of the meeting, Moderator Blasdale commented that he took issue with reports our town meeting of May 3 was confused. The original issue was solved by Selectmen by placing the school increase on a special election ballot. "Had Selectmen not agreed to to do this, I would have reversed my motion as moderator. We were stung by the criticisms", he said. He referred to the action as being in accordance with the law that an article could not express the purpose of an override. "Selectmen were under a lot of heat for not speaking, but they couldn't. Let's get this behind us and get on with the issue and we will stay as long as we have to, so absorb the issues and vote wisely," Blasdale said.

James A. Bradshaw, one of the petitioners of the first article on the warrant, explained the real reason "we are here tonight is to decide whether we as citizens and property owners support the best possible education we can afford. Your property values are affected by your schools. Look back at what we can do for our kids. Since 1981 the school budget increased an average of 3.2 percent in six years and not 17 percent. The effect on the tax rate, if approved, will be 23 cents or about $17. for the whole year (on an average). What with the new free cash and growth figures, don't tell me we can't pay for the education of our children", said Bradshaw.

The first article, which essentially was flawed legally, was tabled.

ORR District School Committee Chairman Manuel C. Rosenfield made a statement regarding the second article which requested the funds for the 11 percent increase. As a committee member for four years and chairman for four months, he thanked the Selectmen and Finance Committee for acting so quickly on the request and in getting the certified free cash figure so quickly.

The Chairman asked, "Why are we in this mess? In the past when the school committee had a problem, we explained ourselves and you (the voters) generously gave us the money. This year the answer was no. The school committee is locked into quality education with its budget." He noted Proposition 2½ was passed for a variety of reasons. The property owners felt the cost of government was rising too fast. Some wanted to limit the cost of it going up; some figured we were being taxed enough. He asked, "Why here?" In 1981 an Ad Hoc Committee was formed to project what would happen under 2½. If we have the ability to tax only 2½ above the previous year, how do we operate with a 3.1 increase. How?, he asked. tendent and the business manager we have cut the staff and and are now working with a small staff for a multi-million dollar operation, and we have cut on preventive maintenance of the building." He commented that the paint job done on the building could have cost up to $60,000 if outside workers had been hired, but was done by volunteers for $10,000.

Dr. Rosenfield continued saying "The biggest cost is salaries. In 1988, 68 percent of the budget is going for salaries. We are worried that the state will set starting teacher salaries at $20,000 per year; the state tried last year to set it at $18,000 but the towns could not afford this increase. Although we received more money from the state than we expected, many of the handicapped programs are not funded. Where are we going? Sports is a big item in a valid education as it brings out team spirit, cooperation and how to lose. Any further cuts would have to come from the academic programs. Most of the academic programs are state mandated. Cost increases? We can't control oil prices, the cost increases of Blue Cross nor teachers' contracts. Next year there will be $160,000 more in the teachers' salaries account, and

this does not include longevity nor incentive increases."

Burton L. Corkum asked Selectmen if either individually or jointly whether they supported the school's request. Selectmen had previously declined to state their opinions.

Selectman John DeCosta said, "For myself, we sat weekly in the office trying to save money for the town. We play it close. What we're looking at is what the town needs for money and when we could go for an override. My feeling is a good education was important for my children and is now important for my grandchildren. We are faced with in the future trying to do what we could with a 6¼ percent increase with money from the state. We cut our town budgets and gave a fair share across the board. We feel we are trying to do the best we can for the town. Yes, I support the budget as presented."

Selectman William F. Hubbard said, "I am 100 percent for education and I support the budget." On the subject of salaries, Hubbard said he intends to talk to his fellow Selectmen to see about increasing town employees' salaries who are not getting what they are worth. "We have to take a look at the highway department and the police department."

Selectman Frank Suzan commented,

"A lot of town employees are forced to leave because we are limited to what we can spend. We can't pay what they can receive in the civilian world. We haven't been able to hold a town accountant. If we cannot afford to pay the salaries, we will lose them to private business. I have grandchildren going through school and I'm concerned with what Dr. Rosenfield said about the education. I have asked for three years for information on increases. I have finally got my answer. People have to decide in the state, do you want Proposition 2½ at all? With the property revaluation the town's tax rate went down to $14. per thousand from $24. Now it is creeping up and we have a limit of $25. per thousand which we cannot exceed, according to law."

Suzan continued, "I feel we should have the best education but...We have got to spend money on maintenance. We've got to realize we have to be fair across the board and we should raise town employees' salaries. Some people think I've been easy on the police department, but just ask the police chief if I haven't come down hard on their budget."

Prior to the start of the voting, Moderator Blasdale asked for a moment of silence for departed town employees and offered a prayer for deliberation on tonight's business. The moderator also noted the town is losing its Town Accountant Betty Sears. He said her job is extremely important and "we are sorry to see her leave". He facetiously com-

The results of the volleyball tournaments were as follows: Honorable Mention for the 12-16 year old group of Eddie Gomes, Scott Gamache, Ben Cook, Mike Kreider, and David Chase.

The first place team for the over 25 year category were Mary Ann Amoruso, Holly Bowers, Dick Gamache, Ginna Mello, Phillip Mello and Curt Wilkins. The second place team consisted of Maureen Best, Robert Best, Steve Bowers, Chris Van Dongen, Ann Marklin and Charlotte Oliveira.

The 16-25 year old group was rained out on the Saturday and teams were unable to reschedule due to conflicting schedules.

New Lifeguard Towers

The newly installed cantilevered lifeguard towers at Mattapoisett beach are a handsome and very useful addition to that town facility. The towers were designed and built by Tom Brownell of Brownell Boat Works who constructed them at his yard and installed them at the beach with the help of Manuel Nunes and the Highway Department crew. Mattapoisett Selectmen's Meeting

AUGUST 25, 1987-by VIRGINIA ARRAL

CORROSION CONTROL FACILITY GIVEN GO-AHEAD

"Fantastic", exclaimed Water/Sewer Superintendent William Nicholson when he was informed the $142,500 needed for the corrosion control facility only required a simple majority vote to pass at the June 30 Special Election and not the two-thirds vote assumed at that time. Since then the State Department Revenue has notified Selectmen of the change in the required vote.

With a vote of 210 yes and 10 no at the May 4 annual town meeting, the article passed overwhelmingly. But, when it came to a 2½ override the vote was 447 yes and 435 no: not sufficient for passage on a two-thirds vote, but a slight edge to pass on a majority vote. Passage will add 55 cents to the tax rate, it was noted at the May town meeting.

The Superintendent said the next step after official notification is to notify the engineers and get the specifications together, then go out to bid.

Nicholson said the construction of the corrosion control facility will adjust the pH of the water entering the Mattapoisett water system by injecting lime in the lines

and not a sodium product. He said this will help home plumbing by controlling rust in the pipes. "And controlling green hair", he added. "If it hadn't passed this year we would be back next year, because the control facility will most likely be state mandated by next year," Nick said.

Selectmen announced last Tuesday that because of the confusion arising out of the interpretation of state law Chapter 59, Section 21C (Proposition 2½), the Board requested the opinion of Town Counsel Donald J. Fleming as to what votes were necessary for the construction of a Corrosion Control Facility and the Capital Repairs at the Old Rochester Regional High School.

With regard to the capital repairs at the high school, Town Counsel has advised the Board that all that was needed was a simple majority vote at the June 30 election. However, the town meeting also conditioned the vote on Rochester and Marion approving the capital expenditures, and, since Rochester did not approve it and the condition was not met, the appropriation was in fact disapproved. The school committee had sought $69,034 as Mattapoisett's share for emergency repairs to the school.

MET WITH Finance Committee temporary chairman Richard Gamache, Town Clerk Lois Ennis, Town Accountant Betty Sears, ORR School Committee Chairman Manuel C. Rosenfield and Town Counsel Donald Fleming to discuss the financial status change of the town's available funds for the August 27 special town meeting on the Old Rochester Regional High School's fiscal 1988 budget increase.

Selectmen Chairman John DeCosta announced the recalculated levy limit growth figure at $72,700 and $470,126 in free cash, much more than the anticipated $200,000.

Selectman Frank Suzan requested of Dr. Rosenfield to have available at the special town meeting a figure representing next year's budget (fiscal 1989) for fixed salaries. Selectman Suzan felt the public has a right to know these figures. He said, "I've asked the school administration for this information several times and no one can answer me." Dr. Rosenfield said, "We can't be sure on salary figures because of personnel changes," but that he would do his best to get what Selectman Suzan wants.

The Town Clerk made the statement that the school budget article is a high tension subject and that she has heard some people express doubt whether they would attend the special town meeting because they didn't want others to know how they cast their vote. People should be aware there could be a secret ballot if

a recommendation is made and 25 voters approve. Mrs. Ennis said "We owe it to the voters that they have this right. There have only been two secret ballots since I've been here as Town Clerk", she noted.

ACCEPTED WITH DEEP REGRET the formal resignation of David E. Crook as the town's Building Inspector, effective October 16th. Chairman DeCosta said the Board has been expecting this letter and it's a shame to lose David. "He has done a great job and we will miss him", the chairman commented. Board members William Hubbard and Frank Suzan agreed. An ad will be placed to fill the position as soon as possible.

David's letter notes, "My family and I are relocating to Vermont, and although we have wanted to do this for some time, we will be leaving the town of Mattapoisett with much regret.

Inspector many changes have taken place. The number of building permits issued have almost doubled within the last few years, and my department has gone from a part-time one to a full-time department with a part-time secretary.

"Throughout the entire three years I have served the Town, I have been fortunate to have the complete support of the Board of Selectmen, and knowing this when difficult decisions had to be made has made my job so much easier. I have made many friends in the town and the Town Hall during my stay, and I will leave them with regret, but Vermont is not that far way, and I'm sure I'll be dropping in from time to time."

AGREED TO DEED two lots of the pauper graves held by the town at the Pine Island Cemetery to the Pine Island Cemetery Corporation. Each of the two lots hold six graves. At the present time, the town owns eight lots of six graves each. The deeding will leave the town with six lots.

She wrote, "My husband and four children enjoy windsurfing and have two windsurfers. It is unfair to expect young children learning to windsurf to remain outside the 200 yard limit. That would place them in the middle of the harbor where they would be in danger. If a couple of complaints are going to incur restrictions, what is to prevent you from restricting surfing, sailboats and skiffs. I believe a more reasonable solution could have been worked out and perhaps a hearing for both sides might have been in order. I feel Pico Beach residents have the right to use their private beach without restrictions."

Selectmen feel they made the correct decision to solve the problem to benefit the most people.

fiscal 1988 police department budget. Selectmen noted the increase will be taken from the department's regular budget.

The letter from Chief Hammond noted Mattapoisett has an average of 200 lock-ups per year. This number will reflect a cost of over $10,000 per year versus the present $1,000 per year. In addition, the increase does not include means of suicide prevention watch.

On July 9 the state legislature voted to increase the lock-up fees from $5. to $50. Because Mattapoisett has no jail facilities, the department, along with Marion and Rochester, uses Wareham lock-up for its prisoners. The suicide prevention watch is for prisoners considered a risk, and they must be checked every 15 minutes.

WERE NOTIFIED by the State Department of Revenue that the Board is to amend the fiscal 1988 Cherry Sheet by inserting the revised figures relating to the Veteran's Benefits budget. The town's Veterans' original budget was $5,592 but has been increased to $6,615. The ad-

justment reflects an appropriation increase of $2. million in the fiscal state budget.

ANNOUNCED THE CHANGEOVER from Senator William Q. MacLean to Senator John Parker to represent Mattapoisett in the state legislature will not take effect until December 1988,. if Senator Parker runs and if he gets elected. This changeover was brought about by the redistricting of the state legislative district lines.

RECEIVED FOUR APPLICATIONS to date from persons interested in serving as members-at-large to the Old Rochester Regional Advisory Committee. They are Stephen R. Hanna, James A. Bradshaw, Elaine M. QUESTION:

WHY SHOULD ATHLETES HAVE CHIROPRACTIC SPINAL MANIPULATION?

ANSWER: Because it can help their performance.

Many amateur and professional athletes are sidelined with injunes that could be avoided. Others sit it out on the bench beceuse their injury just doesn't seem to respond to ordinery treatment. Still others are playing, but at less than their peak efficiency simply because their structural system is not in balance.

Progressive coaches and trainers are realizing that pain-killing drugs are not the enswer. Drugs and medications merely cover up the symptom, deceiving the player into actions which could make the injury more serious

Probably more than any other health profession, chiropractic's approech to health closely relates to the needs of the sports participant. Most sports involve body contact, leverage, fast starts and stops, and positioning that places an unusual strain on the back and structural system Doctors of chiropractic consider the human as an integrated being, giving special attention to spinal mechanics and neurological, muscular and vascular relationships Chiropractic is a natural health care method that stresses the importance of keeping all the systems of the body functioning efficiently, so the player enjoys peak performance, a minimum injury nsk and fast recuperative powers.

Here's what you can do:

- Make certain that your athletes are properly prepared for the sport. Preventive care dictates the wisdom of visiting a doctor of chiropractic for a spinal examination on a regular basis. If the diagnosis shows anything not within the scope of chiropractic treatment, the conscientious doctor of chiropractic will refer the athlete to one of the other health specialties.
- Meke certain that a doctor of chiropractic is a member of your health team. Many of the high-performing professional and amateur teams have retained doctors of chiropractic as their team physicians.
- Minimize the use of drugs and medications and utilize natural health methods

"Water!" Topic in Marion

MARION NATURAL HISTORY MUSEUM PROGRAM

On August 27th, Philips Taylor, Chemist and volunteer advisor to the Marion Water Commissioners, presented a program, "WATER!". With charts and figures, Mr. Taylor attempted to translate into layman's language the very complex system of ground water pumping and distribution. At a recent meeting of C.D.M. Engineering, Marion Selectmen and Mr. Taylor, it was agreed that immediate steps would be taken to replace 'Rube Goldberg" equipment with more modern devices which will correct most of the Marion water problems. Water demand ranges from a low in February of 400,000 gallons per day to a high of 1,300,000 gallons per day just three weeks ago. It was explained that the faster the flow the more minerals are leached out into the supply and the present equipment adds the same amount of chemicals without regard

to the amount of flow. New equipment will automatically adjust to the flow and will add correct amounts of sodium silicate as a sequestering agent for iron and manganese. The most serious problem is the corrosive effects of a very low pH of 6.3. This results in copper and lead being dissolved in the water and is damaging to household plumbing and the entire water system. Potassium Hydroxide will be added to bring the pH to acceptable levels of 7.2 to 7.5.

Suggestions were made for homeowners to consider: Water standing in pipes overnight is to be avoided for drinking or cooking. Flush toilets or shower before preparing breakfast. One gentleman regularly filters tap water for drinking and cooking through a coffee filter into gallon jugs at midday with good results. This was also suggested for use with infant formulas.

Ted Pratt represented the Marion Selectmen and answered many questions from those present. He noted that home filter systems are not recommended because of the very real danger of biological contamination if filters are not changed often enough. Mr. Pratt stated that corrective action will be taken immediately and if there is not enough cash available the Selectmen will call a Special Town Meeting in 30 days. Mr. Pratt also reminded resi-

Constitution Day

The Bicentennial birthday of the U.S. Constitution will be celebrated at Old Rochester Regional on September 17th at 1:00 p.m. A white oak will be planted with appropriate brief speeches and music.

The tree signifies the living endurance of this foundation to our United States government. It will be marked with a bronze plaque to identify the tree and this celebration for generations into the next century.

This celebration is organized under authority of the Mattapoisett Selectmen and funded privately by many public spirited citizens.

All are welcome.

Safe Trip to School

MATTAPOISETT POLICE DEPARTMENT

Vacation time is about over and our thoughts turn to the re-opening of school and its attendant problems so stated Chief Moran. The Chief and Safety Officer Ennis join other members of the Safety Officers League and the Registry of Motor Vehicles in the promotion of back to school safety and the following thoughts: for many children in lower grades and those going for the first time, the trip to school is a great ad-

venture and this is as it should be. However, we must think of and encourage a good safety attitude that must accompany this adventure.

We suggest that the parent (either mother or father or both) walk the route to the school bus stop or to school with the youngster, even before school opens, or actually on the way to and from school during opening week, pointing out landmarks, houses and other points of recognition.

Subsequently, the child should be allowed to make the trip alone or, if lucky enough, with friends. The parents should follow to ascertain that the youngster follows the acceptable route and observes safety practices. It is also recommended that periodic checks be made throughout the school year.

The time elapsed in making the trip should be noted and the child should adhere to a time schedule to avoid haphazard walking or being without a purpose, which should be to accomplish the job at hand to or from school or the bus stop.

Safety Officer Ennis states that the greater number of pedestrian accidents occur with students in the

3rd to 7th grades. The thought occurs that safety must be reviewed at all ages and each trip must be considered an adventure.

In addition, Officer Ennis suggests parents discuss with their child or children the following:

1. Crosswalks and their purposes.
2. Driveways (small hidden streets with backing cars).
3. Pedestrians, cross lights, red and yellow or walk, don't walk signs.
4. Green lights, cars moving.
5. Streets (who uses them and why).
6. School matrons and their duties.
7. Police officers or traffic supervisors (introduce the chief).
8. Importance of proper use of sidewalks or if none, the safest place to walk.
9. Introduce the child to responsibility and self-sufficiency.
10. Confer with teachers as to what is to be taught in school by teachers, safety officers and how to form a partnership in children's safety.

Educated at the Fisher Business College she was a member of the Class of 1918.

She was the South Shore sales representative, known as Miss Lane, in the 1930s and 1940s for 27 years for William Filene's and Sons.

Working out of her home before the local branches opened, she outfitted many children from infantwear to college years. She also took care of the fur storage for the company.

Mrs. Ruel did free-lance art work for the Rustcraft Greeting Card Company of Boston.

Active in her community, Mrs. Ruel volunteered during World War II at the Dedham Chapter of the American Red Cross, donating hundreds of hours doing telephone work and recruiting blood donors.

She also made baby layettes for many needy families in Dedham and worked the polls at voting time.

She was active in the Dedham and Mattapoisett Senior Citizens' Clubs and St. Anthony's parish in Mattapoisett. She was the oldest

evident that dinosaurs are very popular with today's children. Mr. Bailey showed scale models of many types of dinosaurs and the adults in the audience were astonished at the knowledge of very young children as one child, about 5 years old, eagerly identified "triceratops" with a lisp.

The children were given pictures to classify and arrange in groups according to a particular trait of each animal. There were meat eaters, plant eaters, two legged and four legged dinosaurs and many combinations. Mr. Bailey told his attentive audience that Dinosaurs were on the planet during different times for a period of two hundred million years and there are many theories about what happened to them becauses evidence shows that the end came suddenly. He also suggested that it was possible that any number of the audience might be the person to discover the answers in the years to come.

Mrs. Gail Roberts, children's librarian, concluded the program by presenting Certificates to the children involved in the Summer Reading Program at the Elizabeth Taber Library.

singer Dave Goulder and fiddler Alasdair Fraser; and an elderly country fiddler from Missouri, Taylor McBaine. There will also be Cajun and contra dancing.

The folk festival, in its 16th year, will also bring together the diverse sounds of Celtic balladeers, Swedish and Breton fiddlers, New England sacred harp singers, as well as the music of Portugal and Australia. Four concerts are scheduled as well as numerous free workshops and demonstrations. Food will be sold, but patrons are welcome to bring picnics and dine alfresco on the lawn.

Concerts in the main auditorium of the SMU Campus Center are: Friday, 8 p.m., with Dave Goulder, Gordon Bok, Priscilla Herdman and the Egan Family; Saturday, 1 p.m., with Allan Block, Martha Burns, Bob Franke, Rick Spencer and Bob Thurston, Mike Agranoff; Saturday, 8 p.m., with Alan Jones and Alain Leroux, The Boarding Party, Taylor McBaine with Cathy Barton and Dave Para, Fortaleza; and Sunday, 4 p.m., with Margaret MacArthur, Jeff Warner and Jeff Davis, David Jones and Rare Air.

members and $4. for non-members.

From 1:30 to 3:30 the Museum offers "MAGNETS AND MAGNETISM". This is a drop-in activity that explores the mysteries of MAGNETISM.

On Saturday, September 26th, the Museum offers "MAKE A BOOKMARK". Using dried flowers and contact paper you will create a work of art bookmark. This can be for you or a nice gift for a friend or family member. This is a drop-in activity, free with Museum admission.

Also offered the same day from 1 to 3:30 we offer "SOCK PUPPETS". This program is offered for children age 7 and up. Using tube socks and various trims you will create a puppet person or puppet animal to set your imagination dancing. Cost of this program is $3. for members, and $4. for non-members; pre-registration is required as the program has a limit of 10 children.

And, finally, don't forget our upcoming ROAD RACE on September 27th at 11 a.m. We also host a FUN RUN at 10 a.m. The race is being sponsored by Bank of New England, Centre Jewelers, Syntex, Upjohn and Pfizer.

CHET ATKINS TO OPEN SIXTH SEASON OF GREAT EXPERIENCES

Opening the Zeiterion Theatre's 1987-88 season of Great Experiences will be Chet Atkins on Saturday, September 12th, at 8:00 p.m. Atkins, one of the most recorded instrumentalists in American music history, is performing at the Zeiterion through the sponsorship of the New Bedford Standard-Times. Tickets are priced at $19.00, $17.00 and $15.00 with a $2.00 discount for senior citizens and students. For more information on tickets, group packages, and season subscriptions, call the Zeiterion Box Office at 994-2900. Tickets are also available at all Ticketmaster locations or by calling their Boston number, 787-8000

Chet Atkins, known as the "Country Gentleman", is synonymous with two things - Guitar (He's a Master) and Nashville. With over 115 albums to his credit, Atkins has been

awarded eight grammy's for his music. He was also the youngest person ever elected to the Country Music Hall of Fame.

Coming from a mountain community near Knoxville, Tennessee, Atkins rose to the vice-presidency of RCA in Nashville where he signed on many artists including Willie Nelson, Dolly Parton and Charlie Pride, while recording his own albums in his "spare time". In 1982 he left RCA to devote all of his energy to recording his own music on CBS records. At CBS he has embarked on a new path, that of jazz-fusion having collaborated with other brilliant guitarists like George Benson and Larry Carlton.

The members of Atkins' back-up band include Paul Yandell (Guitar), Johnny Johnson (Bass), Randy Houser (Drummer), and Darryl Dybka (Keyboards).

Warm, innovative and inspiring, Atkins is sure to open the Zeiterion's sixth season with a special welcome of easy listening and ever changing music.

The Zeiterion Theatre is located at 684 Purchase Street in historic downtown New Bedford.

ver or the farmers. The photo, left top, was taken on Thursday during the beginning of the rain. At right above is the width of the river bed entirely dry with a trickle of flow visible in the foreground. At left bottom is the view from the Arch Bridge facing north. It is very hard to distinguish where the meadow leaves off and the river begins because the weeds grow high in midstream. The final shot, taken Saturday morning, shows the slight improvement that 2 days of rain have accomplished. Note that the river bottom under the bridge has almost been covered and that there is some flow around the rocks in the foreground. There is a long way to go for a recovery but some of the water worry had begun to be relieved. DCJ photos

UNUSUAL SIGHTING OF BIRD OF PREY

On Sunday, September 20th, at 6:30 p.m. the Lloyd Center for Environmental Studies will offer a weekly walk titled "The Northern Harrier, A Raptor of the Barrier Beach".

The northern harrier is a bird of prey which had not been known to nest on mainland Massachusetts in recent history. This summer, however, Lloyd Center Research Assistant Dave Christiansen documented a pair of harriers nesting at Barney's Joy in South Dartmouth.

Christiansen will take walkers to Barney's Joy, where they will enjoy the sunset and witness the harriers returning to roost for the night. He will discuss the life history of the birds, their feeding habits and the significance of this recent sighting.

Weekly walks at the Lloyd Center are free and open to the public thanks to a donation from Marianne Macdonald Real Estate. Pre-registration is recommended as there is a limit to the number of participants. For more information, contact the Center at 990-0505.
